

ABINGTON HIGH SCHOOL

MONDAY MESSAGE

Week of January 1, 2018

Each year the U.S. Department of Education asks the Massachusetts Department of Elementary and Secondary Education to nominate a small number of schools for consideration as National Blue Ribbon Schools. The Blue Ribbon Schools program, which has been in existence since 1982, recognizes schools whose students achieve at very high levels or schools that make significant progress in closing the achievement gap. Using the nomination guidelines for this federal program, MA DESE has identified AHS as potentially eligible to apply for recognition as an Exemplary Achievement Gap Closing School.
