It is critical that your child be present and well rested on the testing dates. Should you know at this time that your child will be absent on any of the testing dates, please contact the main office. We urge each student to bring a water bottle to school. As with any school day, it is important that your child eats a healthy breakfast prior to arriving to school. Breakfast may be purchased at the Frolio cafeteria from 7:00 am to 7:20 am for only \$1.50. We are confident that through the concerted efforts of your children, the school staff and the parents/guardians, our Frolio students will be well prepared for the assessments. Please do not hesitate to call Principal Matthew MacCurtain at (781) 982-2170 if you have any questions regarding MCAS testing.
