<u>Position</u>	<u>Name</u>	<u>Phone Number</u>
Chairperson		
Vice Chairperson		
Secretary		
Treasurer		

The Special Education Parent Advisory Council is a “knowledge based” organization that provides a forum for parents to connect with other parents and professionals who understand their particular needs and concerns. Attendance at these meetings/gatherings will gain you valuable “tips” from others who understand your challenges. It will equip you with a better understanding of the “IEP/Team Meeting” process and delivery of services children receive throughout the Abington Public School District. Please join us to have your questions answered and your voices heard all in an informal setting.
