

Solar Eclipse

Students will be learning all about the solar eclipse occurring tomorrow in class with eclipse activities and stories! Wear yellow or white, if you have it today! The PTO has generously provided eclipse viewing glasses for all students. We will also review eclipse viewing safety and remind students not to look directly at the sun without eye protection. Students will also be able to take their eclipse glasses home in the event they need them for the bus ride home. The eclipse is not scheduled to be at its peak until after school hours, students may go outdoors with their teachers to catch a glimpse of the beginning of the eclipse with an eclipse viewer and/or eclipse glasses. If you have any questions, please contact your child's teacher.

This not only aids in their recovery but also helps safeguard the health of other students and staff. The link in the **Contact Us** section allows people to submit reports and concerns that go directly to our administration. While this tip line is anonymous and available as needed, we also encourage you to contact us directly, as we seek to create and maintain a positive school culture and climate in partnerships with families and the community.
